

Beside You
Simply Red

A **D**
We follow the river down into the stream
G **F#m**
That's where my dream began
A **D**
I left my worries to the people who stare
G **F#m**
And dreamed without a care

A **E** **F#m**
That I'd always be beside you
D **A** **E**
To watch the day and night
A **E** **F#m**
And we listen to the sunrise
D **A** **E**
And feel it's growing light
D **G** **F#m** **A**
And peace will come inside so quiet

A **D**
Wherever we're going, I don't know
G **F#m**
For a million years our love keeps growing
A **D**
The mystery deepens, day by day
G **F#m**
But trust my love, and hear me say

A **E** **F#m**
That I'd always be beside you
D **A** **E**
To watch the day and night
A **E** **F#m**
And we listen to the sunrise
D **A** **E**
And feel it's growing light
D **G** **F#m** **A**
And peace will come inside so quiet
