[verse one]

Em B
Citizens of a starless sky

Em
have stolen the sun and held it for ransom,

Em B
an endless greed unsatisfied

Em
Can see the blood on their hands does more than just feed them,

G A Em
it s there for a reason

G A
because for all we know

[chorus]

C G G/F# C G G/F# C
All this is just a dream, things are not exactly as they seem,

G G/F# Em
save time to sit back and have a drink

C G G/F# C
Another man might just believe what he s told,

G G/F# C
But I m on my way to being bought and sold,

G G/F# Em B
can t wait to measure my blood out in gold and platinum sales,

[verse two]

Em B
so drink the wine,boy drink it down

Em
The past is far gone replaced by this moment,

Em B Em
we re shadows of ourselves confined to shelves with nothing left to say

G A Em
Content to fade away

G A
cause for all we know,

C G G/F# C G G/F# C
All this is just a dream, things are not exactly as they seem,

G **G/F#** **Em**
 save time to sit back and have a drink
C **G** **G/F#** **C** **G** **G/F#** **C**
 forgetting is easy without any soul with each empty promise it keeps getting old
C **G** **G/F#** **Em** **B**
 Learning to measure my blood out in gold and platinum sales,
C **B** **C** **B**
 or have I just failed, lost sight of the trail

If all this is just a dream things might not be quite as bad as they seem,
 I d probably sit back and have a drink
 Another man might just believe what he s told,
 but I m on my way to being bought and sold
 Can see them setting their sales for the gold and platinum skies
