

**Melody Of You**  
**Single File**

[Verse 1]

**Em**                    **D**  
Distilling my spirit  
                         **G**  
One hundred proof  
**G**  
One grain  
                 **D**  
One drop at a time

**Em**  
Eyes glazed  
                 **D**  
And half shut  
                 **G**  
Sweat and tears turn to  
**D**  
Salt and wine

[Pre-chorus]

**C**                    **D**                    **Em**  
If out of sight is out of mind  
                         **D**  
Then I m right where I should be  
**C**                    **D**  
I m running on fumes  
                         **G**  
I m running on pride  
                                 **D**  
Right now I think I ll run and hide

[Verse 2]

**Em**                    **D**  
So carry on my friends  
**G**                                    **D**  
I ll make my peace, I ll make amends  
                 **Em**                    **D**  
So carry on my friends  
**G**                                    **D**  
I ll turn my back, I ll just pretend that
