BmD  
Water was running, children were running

GE  
You were running out of time

BmD  
Under the mountain, a golden fountain

GE  
Were you praying at the Lares shrine?

BmDGE  
But ohh oh your city lies in dust, my friend

BmDGE  
ohh oh your city lies in dust, my friend

BmD  
We found you hiding, we found you lying

GE  
Choking on the dirt and sand

BmD  
Your former glories and all the stories

GE  
Dragged and washed with eager hands

But ohh oh your city lies in dust, my friend  
ohh oh your city lies in dust, my friend  
your city lies in dust

Water was running, children were running  
We found you hiding, we found you lying  
Water was running; children were running  
We found you hiding, we found you lying  
your city lies in dust  
ohh oh your city lies in dust, my friend

Hot and burning in your nostrils  
Pouring down your gaping mouth

Your molten bodies blanket of cinders  
Caught in the throes .....

Ohh oh your city lies in dust, my friend  
Ohh oh your city lies in dust, my friend  
Ohh oh your city lies in dust, my friend  
Ohh oh your city lies in dust, my friend

Your city lies in dust
