

A Shadow Of Your Own Self Acoustic
Sirenia

Capo 2

This is the part of the song where the band either sings or growls, the part with the

choir is left out.

Also the order of the lyrics is not 100% correct but I arranged them to become like an

acoustic version. I also doubt that it sounds well with the original song. But absolutely usable for singing the song ;)

Bm

Tell me now you sinner

A

You run for a better world

Bm

Tell me why you'd leave her

A

Despite all the hurt

Bm

Don't deny that you once tried to mend

A

G

The circumstances now out of hand

Bm

And don't deny your life's a living hell

A

E

You're a shadow of your own self

Bm A E Bm E A

Bm A E Bm A G

Bm

Tell me now you sinner

A

Still lost in your secret world

Bm

Tell me now you've seen her

A

You know how she hurts

Bm

Don't deny that you will understand

A

G

The circumstances of pain at hand

Bm

And don't assert that we will both survive

A

E

Cause I can't take more of life

E A Bm G
