On final approach my brother and I, we were so sure  
Knew exactly the plans we d made and what we were here for  
Didn t have a care in the world, got by day by day  
Struggled with the plans we d made who was I anyway

**D F E D F E**

Workin on both night and day, in a famous rock and roll cafe  
Never thought I d meet a girl for me  
Never thought I d meet a girl called Cerilene

**A-E-Bm-D**

**A E Bm D**

Cerilene, the road of life is dark without you and I, I just can t see  
Cerilene, share my life with me  
we ll go together hand in hand and we ll fulfill our dreams

**Bm D A E**

Walked along the beach there hand in hand, it felt like a dream  
but things that felt so good were never real or so it seemed  
the magic that this girl possessed  
changed the heart of a child to a man (to a man)  
through the warmth of love his dreams and drive had direction again

**D F E D F E**

A girl who strongly believes in me, and visions that we both could see  
as one of my dreams, it came to an end  
my life and love felt whole again

(Chorus)----->>> A-E-Bm-D

just as much as the family I left in a small, small Southern town  
on a day the island breezes brought my loved ones here with me  
we made our families one, I love you, oh I love you Cerilene

**A-E-Bm-D**

Cerilene, the road of life is dark without you and I, I just can t see  
Cerilene, share my life with me

We ll go together hand in hand and we ll fulfill our dreams

Cerilene, share my life with me, on this island oh, fulfill my dreams

Cerilene, oh Cerilene
