

Lay It Down
Sister Hazel

C F Dm F

You need a little makeup dear

C F Dm F

To cover up all your stains

C F Dm F

With another trick right here, yeah

C F Dm F

You fool them all once again

C F Dm F

You need a little emptiness

C F Dm F

Before you know what is real

C F Dm F

And take a little taste of wine, yeah

C F Dm F

To give yourself half a chance

G Dm

And when you re weak of holding on

F C

Release your wayward soul

C G

And with these treasures you have found

G Dm

The broken pieces of your crown

Dm F

It s time to lay your cross on down

C

(Lay it down)

C G

And with this kingdom you have now

G Dm

It s time to lay your cross on down

Dm F

You better lay it down

C, F, Dm, F (X2)

C F Dm F

You carry in a bright white lie

C F Dm F

To cover up all your shame

C F Dm F

You re gonna have to testify

C F Dm F

To color in all your claims

G Dm

And when you re weak of holding on

G

Release your wayward soul and

G F

Spend your days not falling down

G

Before your empty idols

Chorus

Lay it down

(Lay it down)

Chorus

Lay it down

(Lay it down)

Chorus
