

**I Need Love**

**Sixpence None The Richer**

Intro: **G5**

**G**                      **C**                      **G**                      **C**  
I Left my conscience like a crying child  
**G**              **C**                      **G**                      **C**  
Locked the door behind me put the pan on the fire

**Am**                      **D**  
Broken like a window  
**Am**                      **D**  
I see my blindness now

**Em**              **Am7**  
I Need Love  
                    **D**                      **G**  
Not some sentimental prison  
**Em**              **Am7**  
I Need God  
                    **D**                      **G**  
Not the political church  
**Em**              **Am7**  
I Need Fire  
                    **D**                      **G**  
To melt the frozen sea inside me  
**Em**              **Am7**  
I Need Love

Verse 2: Driving into town tired and depressed  
            Like a flare the streetlights burst into S.O.S.

Chorus: Peace comes to my rescue  
            I don t know what it means
