Sixpence None The Richer

E **Em** **E**
Leaves are falling, and
Em **E** **Em** **E** **Em**
something s calling me here
E **Em**
The state of depression that I m walking in,
E **Em** **E** **Em** **E** **Em**
Got the impression that I won t stay here long.
A **Am**
I know I am like this,
E **Em** **E** **Em**
but still I don t know what to do.
E **Em** **E**
The sky is darkening,
Em **E** **Em** **E** **Em**
I can feel it in the air.
E **Em**
My heart is sinking,
E **Em** **E** **Em** **E** **Em**
I know winter s on its way.
A **Am**
I know I am like this,
E **Em** **E** **Em**
but still I don t know what to do.
A **Am**
I know I am like this,
E **Em** **E** **Em**
Oh sister show me what to do.
G **F#**
I know there s a way to get this another day.
F **E** **E7**
When will I know if there s a way for me?
G **F#**
I want to lie in the sand
F
and have the sun shine on me.
E **Em** **E** **Em** **E**
Is that way too much to ask?
