

Radio

Sixpence None The Richer

**Dm**

I remember all the roads together

**Bbsus2**

That we drove in el camino weather

**C**

When that song started playing again

**Am**

We were singing it to the wind

**Dm**

All the words they rang so true

**Bbsus2**

They were written for me and you

**C**

We had an anthem, we had a creed

**Am**

We were all that we would ever need

Chorus 1:

**Bbsus2**

And now the radio plays that song

**F**

I don t know if I can sing along

**Bbsus2**

I don t know if I can sing along

**Gm Dm C**

And make it through

(**Dm Bbsus2 C Am**) (verse chords)

Verse 2:

**Dm**

I remember when we drove so far

**Bbsus2**

They were playing in a roadside bar

**C**

And you jumped up when they played our tune

**Am**

They were playing it for me and you

**Dm**

I remember when we drove all night

**Bbsus2**

I took you home in the morning light

**C**

You my anthem, you my creed

**Am**

You were all that I would ever need

Chorus 2:

**Bbsus2**

And now the radio plays that song

**F**

I don't know if I can sing along

**Bbsus2**

Am I ever gonna make it through

**Gm Dm C**

Am I ever gonna be with you

**Bbsus2**

Cause when the radio plays that song

**F**

I'm left alone with nowhere to go

**Bbsus2**

Am I ever gonna make it through

**Gm Dm C**

Am I ever gonna be with you
