Verse: **E-F#m-G#m-A**

Flashing memories so clear in my mind
I couldn t believe now it s all over
I can still remember how you and I
Saying I love you..
But things has changed, there how it change
This things I can t explain to you

F#m-G#m--A

So many questions that we couldn t answer
Coz we can t, we can t
We can t find any answer
We can t, we can t
We can t find any answer

Now it s time for us to start something new
But not the time to say goodbye
You re still my friend and I know
That we ll never change
Coz we care, we respect
The things we ve shared in the past

F#m-G#m-A

Yes you ll be in my heart
Yes you ll be in my heart and soul
Yes you ll be part of me
Coz I ll be part of...

Yes you ll be in my heart
Yes you ll be in my heart and soul
Yes you ll be part of me
Coz I ll be part of... you...

Yeah we can t, we can t
We can t find any answer
We can t, we can t
We can t find any answer

Don t be sad .. It s just a song .. be happy ..
