

**Stars
Skillet**

[Intro] **G#m F# B**

G#m F# B
You spoke a word and life began
G#m F# B
Told oceans where to start and where to end
G#m F# B
You set in motion time and space
G#m F# B
But still you come, and you calling me by name
G#m F# B
But still you come, and you calling me by name

E B
If you can hold the stars in place
G#m F#
You can hold my heart the same
E B G#m F#
Whenever I fall away, whenever I start to break
E G#m F#
So here I am lifting up my heart
G#m F# B
To the one who holds the stars

G#m F# B
The deepest depths, the darkest nights
G#m F# B
Can t separate, can t keep me from your sight
G#m F# B
I get so lost, forget my way
G#m F# B
But still you love, and you don t forget my name

E B
If you can hold the stars in place

You can hold my heart the same
