Broken Heart      Skip Spence

**B**  
A broken heart be lovely  
**E**                    **B**  
Broken on the ground  
**B**  
A knife stuck in the ribs of me  
          **C#**                    **E**  
Would be better be found  
**B**  
Hanging tree blowing gently  
**E**  
A noose would be ignored  
          **B**      **B/A#**      **B/G#**      **B/F#**  
Then to stand upon the receiving end  
          **E**                                    **B**  
Of the right hand of the Lord

**F#**                    **C#**  
Like a thirsty cowboy  
          **E**                                    **B**  
In a lake his tongue does rest  
**F#**                    **C#**  
Jumps in and he cannot swim  
          **E**  
And drowns himself to death  
**F#**                    **C#**  
Or a frozen mountaineer  
          **E**  
He chugs up to a stop  
          **B**                    **B/A#**      **B/G#**      **B/F#**  
Catching his boot heel in a rock  
**E**  
Two miles from the top

**B**    **E**

**F#**                    **C#**  
An Olympic super swimmer  
          **E**                                    **B**  
Whose belly doesn t flop  
          **F#**                                    **C#**  
A super racecar driver  
          **E**                                    **B**

Whose pit, it can t be stopped

**F# C#**

A honey dripping hipster

**E**

Whose bee cannot be bopped

**B B/A# B/G# B/F#**

Better to be rolled in oats

**E B**

Than from the roll be dropped

**B**

A broken heart would satisfy

**E B**

Broken in a mess

**B**

A severed eye would gratify

**C# E**

My soul, I must confess

**B**

I d rather have no eyes at all

**E**

Be blind upon the floor

**B B/A# B/G# B/F#**

Then to stand upon the receiving end

**E B**

Of the right hand of the Lord

**B B/A# B/G# B/F#**

Then to stand upon the receiving end

**E B**

Of the right hand of the Lord
