**Skrewdriver**

**D**

As I look over yonder

**A**

What do I see

**C**

I see the masses growing

**G**

Like a raging sea

**D**

Men and women of valour

**A**

Willing to die to reach Valhalla

**C**

What do I see up over there

**G**

Today s stormtroopers ready for the dare

**F**

**C**

**G**

All I see in the distance is an ocean of warriors

**F**

**C**

**G**

Marching forward to battle an ocean of warriors

Ready to kill, with their fists of steel, ready to fight to cure, our nation s  
ills

White resistance has risen, free from the bonds of this emotional prison, we  
fight for

and not for hate, to banish these cowards to the traitors gate

Chorus

Spirits are high standards they fly, ordinate files, marching so proud mile  
after mile

Corps of comapnies, they all know when its time to bleed, that they have done  
their very

for our nations needs.

Chorus
