

Ghost

Sky Ferreira

[Verse]

A

I m not irrational

Bm

I m just no longer in the day dream

A

Of the delusion that

Bm

Once was hard between our love it seems

A

Lately I ve been between

Bm

Being steady or a head case

A

What s become of us now

Bm

Hanging our hearts in disgrace

[Chorus]

Bm

F#m

C#m

What did I do to make you so cruel

Bm

F#m

I ve got this ache inside my heart

I know that we re doomed

Bm

I loved you most. And now you re a ghost

A

I walk right through

[Verse]

A

Oh remember when you said

Bm

That I was sick inside the head

A

I m just half way there

Bm

My common sense hanging by a thread

A

I m bad on the outside

Bm

But a coward at heart

A

The taste of salt in my mouth

Bm

My voice is silent

A

But my thoughts are right

[Chorus]

Bm

F#m

C#m

What did I do to make you so cruel

Bm

F#m

I ve got this ache inside my heart

C#m

I know that it s you

Bm

What should I do now that

F#m

C#m

I know that we re doomed

Bm

I loved you most. And now you re a ghost

A

I walk right through
