

Take Me Somewhere Nice Sky Sailing

C Take me somewhere nice. **F**

C To some tired island,

F In your heart,
Am F Called Paradise.

C Though we wander home **F**

C We both feel alone
Like escapees

A F With no where to go.

C I can think of
F A thousand ways.

C To get good and lost
A F Beyond these hopeless days..

C Where we ll rendezvous **F**

C Out of the blue
And take a deep breath

A F Just we two

C And we ll be so far gone **F**

C The oars will row on

A And we will happily wave..

F So long..

C G If we hook a dream
Am

And it tows it back down

D

This open stream

F C G D

We ll say hello

F

Oh, Oh

G

C

Take us wherever you go.

CHORUS:

Take me somewhere deep.

C

Cause i m quite exhausted

Am

And I need to sleep

C

F

Or climb the great divide

C

Or wake up beside myself

Am

F

Just to know I m alive.

C

F

Every waded route

C

Pays me a visit

F

Am F

And drags my eyelids down.

C

F

They sting like growing pains

C

Iced in the veins of a guy

Am

F

Who s not ready to die

C

F

If I may be so bold

C

I ll weather the cold.

Am

F

Cause I m not afraid to grow old..

C

G

If we hook a dream

Am

And it tows it back down

Take us wherever you go.
