

Take Me Somewhere Nice
Sky Sailing

C **F**
Take me somewhere nice.

C
To some tired island,

F
In your heart,
Am F
Called Paradise.

C **F**
Though we wander home

C
We both feel alone
Like escapees

A F
With no where to go.

C
I can think of
F
A thousand ways.

C
To get good and lost
A F
Beyond these hopeless days..

C **F**
Where we ll rendezvous
C
Out of the blue
And take a deep breath
A F
Just we two

C **F**
And we ll be so far gone
C
The oars will row on
A
And we will happily wave..
F
So long..

C **G**
If we hook a dream
Am

And it tows it back down

D

This open stream

F C G D

We ll say hello

F

Oh, Oh

G

C

Take us wherever you go.

CHORUS:

C

F

Take me somewhere deep.

C

F

Cause i m quite exhausted

Am F

And I need to sleep

C

F

Or climb the great divide

C

Or wake up beside myself

Am

F

Just to know I m alive.

C

F

Every waded route

C

Pays me a visit

F

Am F

And drags my eyelids down.

C

F

They sting like growing pains

C

Iced in the veins of a guy

Am F

Who s not ready to die

C

F

If I may be so bold

C

I ll weather the cold.

Am

F

Cause I m not afraid to grow old..

C

G

If we hook a dream

Am

And it tows it back down

D

This open stream

We ll say hello

Oh, Oh

Take us wherever you go.
