

Take Me Somewhere Nice
Sky Sailing

B **E**
Take me somewhere nice.

B
To some tired island,

E
In your heart,
G#m E
Called Paradise.

B **E**
Though we wander home

B
We both feel alone
Like escapees

G# E
With no where to go.

B
I can think of
E
A thousand ways.

B
To get good and lost
G# E
Beyond these hopeless days..

B **E**
Where we ll rendezvous

B
Out of the blue
And take a deep breath

G# E
Just we two

B **E**
And we ll be so far gone

B
The oars will row on

G#
And we will happily wave..

E
So long..

B F#
If we hook a dream
G#m

And it tows it back down

C#

This open stream

E B F# C#

We ll say hello

E

Oh, Oh

F#

B

Take us wherever you go.

CHORUS:

B E F#

B E F#

B E F#

C# E F# B

B

E

Take me somewhere deep.

B

E

Cause i m quite exhausted

G#m E

And I need to sleep

B

E

Or climb the great divide

B

Or wake up beside myself

G#m

E

Just to know I m alive.

B

E

Every waded route

B

Pays me a visit

E

G#m E

And drags my eyelids down.

B

E

They sting like growing pains

B

Iced in the veins of a guy

G#m

E

Who s not ready to die

B

E

If I may be so bold

B

I ll weather the cold.

G#m

E

Cause I m not afraid to grow old..

B

F#

If we hook a dream

G#m

And it tows it back down

C#

This open stream

E B F# C#

We ll say hello

E

Oh, Oh

F#

B

Take us wherever you go.

CHORUS:

B E F#
