

Jumping My Shadow  
Skyclad

C **Am**  
 Maybe someday someone will love me  
 C **Am**  
 for what I am instead of what I should be  
 C **Am**  
 until that day I ll just sit here weeping  
 C **Am**  
 chasing dreams is like shadow leaping  
 G **Em**  
 The face behind the mirror an unrecognized reflection  
 G **Em**  
 his eyes are old and tired, filled with bitter recollection  
 G **Em**  
 The cross that he has carried was a burden I ve made  
 C **Em**  
 It s a baptism of tears, they are the seas in which I bathe

**Am** **G** **Em**  
 cause there s a fire in my heart but I can t breathe for the smoke  
**Am** **F** **Em**  
 Seems that I m living proof, my life s a practical joke  
**Am** **G** **Em**  
 There s a wind in my sails but I have lost all my direction  
**Am** **F** **Em**  
 With no stars to guide me, now you re not here beside me anymore
