

**Im Mad  
Slade**

**Gsus4 G Gsus4 G**

**G**

1. I get strange exotic dreams

**Bm**

With some strange erotic scenes

**Em**

Gonna sleep all day

**G**

I get notions by the score

**Bm**

Most of them against the law

**Em**

Do them anyway

**C**

**D**

So I took a trip to see Kane s Xanadu

**C**

**D**

Cos at the time there wasn t very much to do

**Eb**

**G**

**D**

I think I m coming down, coming down

2.I get weird imaginings

About all different kinds or things

But I always try

To get fantasising thoughts

Maybe Bardot in her shorts

Like a natural kind

So I took a trip to Tutankhaman s tomb

He was alone and said he hoped I d come back soon

Chorus:

**E**

I m mad

**C#m**

This pounding in my brain

**G#m**

Will somebody explain

**A**

**B**

The way back to reality

**E**

Hey you

**C#m**

You keep your nose so clean

**G#m**

Your mind is so obscene

**A**

**B**

You ll find another change in me

**A**

I think I m coming down

**E**

Looking straight ahead

**F#m**

The room is spinning round

**B**

Them blues have knocked me dead

Yeh yeh yeh yeh

Break

I m going mad

Out of my head

I m going mad

Cos now I ve given back the top hat to Astaire

Oh not that I expected you to really care

Chorus:

I m mad

This pounding in my brain

Will somebody explain

The way back to reality

Hey you

You keep your nose so clean

Your mind is so obscene

You ll find another change in me

I think I m coming down

Looking straight ahead

The room is spinning round

Them blues have knocked me dead

Yeh yeh yeh yeh yeh-yeh yeh

I m going mad

Out of my head

I m going mad

Yeh-yeh yeh-yeh-yeh-yeh yeh

I m going mad

Out of my head

I m going mad
