Some bad luck and what s done can t be undone

Well it was way past midnight

Anetta hollered out last call

I turned around and Wranglin Ron

Was headed for a brawl

I didn t know that other guy was a cop

I guess I didn t care

Sometime you gotta act like you gotta pair

My drinking days are over...

I got a ride out to Huntsville

I ll be there for a while

Staring out a mesh window  
Mile after mile  
I don t have any regrets, well  
Maybe just a few  
A man s gonna do what he s gonna do

My drinking days are over...
