From fenders and alternators

**A D D**  
To shoulders, knees and hearts

**Bm A**  
The doctors and the mechanics

With hammer, wrench and scalpel

Ball joint, valve and screw

**D A**  
It s time to throw in the towel

Some breakdowns you cannot mend

Like all that have come before us

**D** **A**  
So I m limping back to the junkyard  
**D** **G**  
In cloud of smoke and dust  
**D** **D**  
I won t be drivin out this time  
**A** **D** **D**  
Gonna lay me down to rust

[Chorus]

**Bm** **A**  
Gonna leave this old shell behind now  
**G** **A**  
Set our spirits free  
**Bm** **A**  
Gonna walk on out to glory  
**G** **A**  
Sun setting down on me

[Outro]

**D** **A**  
So it s one last time to the junkyard  
**D** **G**  
On the loneliest side of town  
**D** **D**  
This time it s a one way trip boys  
**A** **D**  
I won t be coming back round
