

Oh Roberta  
Slaid Cleaves

[Verse 1]

[D]

In days when I rode on the wind

[G] [D]

I d find a town, begin to look at life as green,

[A]

New in town routine

[D]

Just as I would settle in my

[G] [D]

Feet would hit the ground again while wondering,

[A]

for a different scene

[Chorus 1]

[G] [D]

Now my heels left the pedal feel the motor between my toes

[G] [D]

You to think that I was something still something I supposes

[G] [D]

A)|||

But do you still see my silhouette when your lashes start to close I d like to know, -i

[A] [D]

Oh Roberta, where have you gone

[Verse 2]

[D]

All the nights when I d be up to late

[G] [D]

And you d catch me in my altered state of consciousness

[A]

And I d confess

[D]

All my inner thoughts of fear and shame

[G] [D]

The way you spoke my name you d boost my confidence

[A]

like a soft caress

[Chorus 2]

[G] [D]

I m hear clear left of center on the unrideable road

[G] [D]

Wish I knew the way that I was supposed to go

[G] [D] [A]

But I m still the same old fool you used to know,

[A] [D]

Oh Roberta where have you gone

[Bridge]

[A] [D]

It s been years since we said goodbye

[A] [D]

Your cheeks were wet, my mouth was dry

[C] [G]

And I recalled I never seen you cry before

[A] [G] [A] [D]

Haven t seen you since I walked out your door

[Verse 3]

[D]

Well life s been up and down since then

[G] [D]

I think its moving up again thats life I guess

[A]

A long sting of tests

[D]

I don t look for you in other

[G] [D]

People like I used to do thats dangerous

[A]

And my soul needs a rest

[Chorus 3]

[G] [D]

And I don t know what time it is or the town I m sleeping in

[G] [D]

Pray I might get frightened should I see your face again

[G] [D] [A]

But I turn back on my heels and spin around

[A] [A]

Oh Roberta where are you know
