Leave The Light On
Sleep On It

 Em D G C Em D C

[Verse 1]
```
            G              C
This is the worst way to say I m sorry
     Em          D        C
The best way to say I m not
                 G                 C                   Em        C         D
It s hard to relate when every word you say can t trace back to what you thought
```

[Pre-Chorus]
```
C                       G
 Every day you can flip away the memories
 Em                     D
Did you think that the pain would wash away?
C                   G                       D
Either way you keep changing up the story the memories never stay
```

[Chorus]
```
Em      D           G           C
You say that you re happy when I m gone
        Em              D           C
But I know that I m the light that you left on
```

[Bridge]
Em D G C Em D C

[Verse 2]
```
            G                    C
This is the best way to say I m trying
     Em          D        C
The worst way to say you re not
        G               C
Every mistake, every word I say
         Em             C         D
Gets thrown, left without a thought
```

[Pre-Chorus]
```
   C                 G
Every day you can try to say what s best for me
  Em                 D
Did you think you could stay another day?
C                       G
Either way you keep changing up your story
      D
But know this time you ll never stay
```

[Chorus]
Em   D   G   C
You say that you re happy when I m gone
        Em   D   C
But I know that I m the light that you left on
Em   D   G   C
You say that you re happy when I m gone
         Em   D   C
But I know that I m the light that you left on
