

**Fire**  
**Sleeping With Sirens**

(intro)

Am, G, Dm, F, E

                  Am          G  
You made up your mind  
                  Dm  
Right before the sound can move  
                  F          E  
Softly from your lips  
                  Am          G  
You leave behind  
                  Dm                          F          E  
A choice which once before you thought you could not resist  
                  Am  
You give what you have when you  
G  
Decide that you  
Dm  
Keep burning like fire,  
                  F          E  
It s burning you down

          Am                  G                          Dm  
Sometimes they say this should feel something like fire  
          F          E          Am  
  Til it burns you and you can t,  
G                          Dm  
No, you can t remain the same  
F                  E          Am  
Stay the same, stay the same, stay the same  
G          Dm          F          E  
I can t change

                  Am          G  
You re losing your light,  
                  Dm                          F          E  
Everything that was yours just does not exist  
                  Am          G  
So don t even try to say  
                  Dm                          F          E  
Sorry for the things in life you might have missed  
                  Am  
You give what you have when you  
G
