

**With Ears To See And Eyes To Hear
Sleeping With Sirens**

A few people have posted their tabs for this and I thought I'd make it easier for those of us who are too lazy to do power chords... It plays exactly with the song but this is by no means the way that they actually play it. Enjoy!

Capo 4

[Intro]

Am F Am F

[Verse]

Am
True friends lie underneath,
F
These witty words I don't believe
Am **F**
I can't believe a damn thing they say, anymore
Am
Lie! Lie! Liar!
F **Am** **F**
Liar you'll pay for your sins
Am
Lie! Lie! Liar!
F **Am** **F**
Liar you'll pay for your sins

[Chorus]

Am
So tell me how does it feel,
F
How does it feel to be like you?
C
I think your mouth should be quiet
G
Cause it never tells the truth now,
Am **F**
So tell me, so tell me why,
C
Why does it have to be this way?
G

Why can't things ever change?
