Cockroach by Sleepytime Gorilla Museum

Am

O loathsome crawling thing

G **Am**
Be done with your miniscule affairs

O hungry creeping speck

G **Am** **C** **E**
I release you from your cares Be gone

(silence...)
Roach!

Am **F**
You live on carrion That s outrageous

Am **D**
You re probably contagious

Am **Dm**
Blind crippled and half-squashed

E **E7**
and yet you carry on

Am **F**
Your persistence is disgusting

Am **D**
I could never find myself trusting

Am **Dm** **E** **E7**
A creature that would rather live in the trash than in the lawn

F **E** **D** **A**
Cockroach your problems are not mine

Dm **A**
I love life but with you I draw the line

Dm

Not to flaunt my superior design

F **E7** **Am**
But next to you I m practically divine

F
your problems are not mine

E **E** **E7** **Am**
Cockroach your problems are not mine
