

The Prophet
Slightly Stoopid

G **F**
I never thought too much on wealth
C **G**
To let me keep it for myself
F
But while the world s been turning upside-down
C **G**
It s hard to talk about
C **F**
Another bottle off the shelf
C **G**
With the hand that you ve been dealt
F
What s going wrong s been going on
C **G**
It s time for you to scream and shout

G **F**
And I ain t no prophet
C **G**
To cure some damn disease
F
And would you help me anyway
C **G**
If I was on my knees?
F
I m going through my time of change
C **G**
In my time of need
F
And every little thing is gonna
C **G**
Be all the same

G **F**
I never thought too much on wealth
C **G**
To let me keep it for myself

C G
Was a reason just to get out late

Drinkin early was a dream for the summertime
C G
Music, and my seed, Mary Jane
