

Between The Lines
Sloan Wainwright

[Intro]

D C G C D C G C D

[Verse]

I walk the wire
It is straight and narrow
I donâ€™t look down at
What will break my fall

[Verse]

I move my mouth
I can read the lips of all of the people
I trust the romance to
Reveal to me a sign

[Chorus]

Between the lines is where I ll find what I am after
The answer lies there, between___ the lines

[Verse]

I wade through water
Waist high and rising
I could drive the loneliness
Tranquil all the while

[Verse]

I ask for freedom
Sunlit and lovely
Stunning and falling like

A birthday from the sky

[Chorus]

Between the lines is where I ll find what I am after
The answer lies there, between___ the lines_____

[Bridge]

In all the places there between lies
What it d mean to me

[Verse]

These words I tell you
Through the swirl of dark confusion
I see the contradictions you
Present to me as lies

[Chorus]

Between the lines is where I ll find what I am after
The answer lies there, between___

[Chorus]

Between the lines is where I ll find what I am after
The answer lies there, between___ the lines_____
Oh, the lines
