

Will I Belong

Sloan

In my opinion their best song though I have by no means listened to all of their stuff.

BTW this song is mostly played on keyboards. My first tab.

Will I Belong?

Sloan

G

I fell in with your crowd

F

I didn t belong

C (C7)

I didn t belong

You weren t exactly wowed

I didn t belong

I didn t belong

Em E

I-a-I-a-I

C **G** **E**

I wonder what I did to offend

C **G** **E**

It wasn t one thing was formed or planned

C **G** **A**

I learned the cruelest rules that were bent

Meanwhile back at school

I didn t belong

I didn t belong

My name defined uncool

I didn t belong

I didn t belong

I-a-I-a-I

Just how this happened is up for debate

some say I learned it some say its innate

But its out the window where we graduate

C

My reputation!

Gets another chance

Will I belong?

Will I belong?

I-a-I-a-I
