This is just the crd version- the tab will come soon	
Get Gone Again:	
Intro	
D A Em G (twice)	
Verse:	
D A Em G	
I m so sick of writin songs about screwing up	
D A Em G	
No matter how much I fall down, seems its never enough	
no matter how much good luck comes my way	
I ll find some way to ruin it, fall down again the next day	
Chorus:	
D A Em G	
Road rush, run down, wrinkled from the rain,	
The song in my heart makes just one sound	
but I sing along just the same	
And I wonder how long I ll hang around	
fore I go insane, fore I break down, and get gone again	
Verse:	
D A Em G	
Put myself on trial again for crimes I couldn t see	

My naked aggression was picked up with for a charge of indecency

And I remember the way I felt when first it exposed itself to me Abd I prayed for forgiveness and a sympatheic jury Chorus again Lead/Break Play same four chords as rythmn Bridge:		
And it makes no difference what you thought you came here for Any plans that you might of had, swept right out the door And it makes no difference how hard you think you tried Cause what you ll find out in the end is justit s just a lie		G
D A Em There s been girls who loved me, but I cheated on them With a woman named whiskey, and gin, her best friend Their affections flow like liquid to a thousand other men Who ll trade lovin for liquor, salvation for sin	G	
Chorus again Chorus again		
End:		
Get gone again, Get gone again		
Flourish and done		
Awesome songenjoy.
