

**It Doesn't Have To Be Beautiful**  
**Slow Club**

Just resubmitting this so that it is under the correct artist and not Misc Unsigned Bands :)

This is an amazing song and is pretty accurate!

Enjoy!

Capo 3

**C/G** **F**  
She said the sleepers on the tracks have woken up  
**C/G** **G7**  
It's the end of the line I guess our luck is up  
**C/G** **F**  
It was fun while it lasted because nothing ever does  
**C/G** **G7** **F** **C/G**  
Love has lost its meaning it was wasted on us

In the electrical storm you were running wild  
You had a death wish you were a child  
I came to bearing a lightning bolt  
If you came back as the deep sea I would come back as the salt

Bridge

**F** **G7**  
It's like your head is stuck in a tightening vice  
**Em** **Am**  
Your ears are deaf to your friend's advice  
**F** **G7**  
Because you know that your heart will never be full  
**Em** **Am** **F** **Am** **G7** **C/G**  
It doesn't always have to be beautiful, Unless it's beautiful

Ok leave now leave now if you just can't stay  
Cause there's nothing worse than somebody who pretended away  
The years of their youth they will never get back  
So I'll go home and practice the traits you said I lack

Like listening to the thunder of your heart  
and how that every other beat we grow further apart  
Love was always gonna be hard to give up  
But I'm thinking that you'll never love anybody else as much

Bridge

But it's ugly it's ugly now, yeah I know  
But you never give things enough time to grow  
It's like driving through a carnival

It doesn't always have to be beautiful, Unless it's beautiful

**C/G** **Em** **Am**  
Baby I know it's over, tell me, till your sober now, we know it's true

**F** **G7**  
But waitin' never quite felt like waitin' when waitin' was with you

**C/G** **Em** **Am**  
Baby I know it's over, tell me, till your sober now, we know it's true

**F** **G7** **F-G7-C/G**  
But waitin' never quite felt like waitin' when waitin' was with you

So let me tell you tell you a thing or two  
About how to survive when there's a me and a you  
It's awful it's gruesome it's something it's cruel  
Forever you will ask out if it's happened to you

Because I'm always thinking thinking about where you are  
Who you're with and if your mind is far  
From what we do and we're alone  
It's all too much for me and now the wall hits the foam

It's like a head is stuck in a tightening vice  
Your ears are deaf to your friend's advice  
Because you know that your heart will never be full  
It doesn't always have to be beautiful, Unless it's beautiful

Baby I know it's over, tell me, till your sober now, we know it's true  
But waitin' never quite felt like waitin' when waitin' was with you  
Baby I know it's over, tell me, till your sober now, we know it's true  
But waitin' never quite felt like waitin' when waitin' was with you
