**Slow Club**

Capo: II (All chords relative to capo)

Intro:

**G Em** x2

Verse 1

**G Em**  
Sun is coming up slowly,  
**G Em**  
I didn't read it in your star-sign or mine.  
**G Em**  
God knows we're not holy,  
**G Em C**  
in decisions we make and how we spend our time.

**Am**  
But I got faster and faster,  
**C Am**  
and you got harder to please,  
**G**  
and you got harder to find.

**Em**  
And our prayers were answered,  
**G Em C**  
when we wrote these songs and we lost our minds.

Chorus:

**C G C G**  
And all our most brilliant friends are doubting themselves.

**C**  
And we're scared about the world,  
**G C G**  
the atmosphere, our bodies, and our health.

**Em**  
So just dance with me  
**C**  
move your body round this time machine  
**G C G**  
start it again.

**G Em**  
I want you to celebrate,  
**C**  
the fact our bodies can recreate  
**G C G**  
new versions of ourselves. We won't need help.
