

Thinking Drinking Sinking Feeling
Slow Club

G **C** **G**
Light will pour, out of your eyes
 G **C** **G**
Down into, a field of spice
 G **C** **G**
The grass is green, the sky is blue
 G **C** **G**
All the sun, bullies the moon

[Chorus]

G **C** **D** **G**
But I will make you see, that you belong to me
G **C** **D** **G**
Stick me to you, nature needs no glue
G **D** **G**
Always be true

G **C** **G**
I would never, call you a pig
 G **C** **G**
You are clever, and he is not
 G **C** **G**
The lean-in time, came way too fast
 G **C** **G**
I want you, to collapse

[Chorus]

G **C** **D** **G**
But I will make you see, that you belong to me
G **C** **D** **G**
Stick me to you, nature needs no glue
G **D** **G**
Always be true

G **C** **D** **G**
Thinking, drinking, sinking feeling.

G **C** **G**
You said watch, that romantic film
 G **C** **G**
But who plays me? And who plays you?
 G **C** **G**
Are you the one, who gets the girl?
 G **C** **G**
Or are you the one, who ends up dead?

[Chorus 2]

G **C** **D** **G**
But I will make you see, that you belong to me
C **D** **G**
Stick me to you, nature needs no glue
G **C** **D** **G**
I could hold you tighter, and I could make you lighter
G **C**
Than the air that you've been breathing
C **D** **G**
I know he'll say don't leave him
G **C**
While the cannons are firing
C **D** **G**
And the wall outside's expiring
G **C**
I've started making plans
C **D** **G**
So come on give me a chance
G **D** **G**
Always be true...

G **C** **D** **G**
Thinking, drinking, sinking feeling.....

This is my first tab so be gentle :D
