Slowdive

Slowdive - Dagger
Capo if you want to.

C **Em**
The sunshine girl is sleeping
C **Em**
She falls and dreams alone
C **Em**
And me I am her dagger
C **Em**
To numb to feel her pain

G **F**
The world is full of noise yeah
G **Am**
I hear it all the time
G **F**
And me I am your dagger
G **Am**
You know I am your world

C **Em**
I thought I heard you whisper
C **Em**
It happens all the time
C **Em**
I thought I heard you whisper
C **Em**
It happens all the time

-Repeat for the rest of the song-

She whispers while I m sleeping
I love you when you smile
I didn t really lose you
I just lost it for a while

The world is full of noise yeah
I hear it all the time
You know I am your dagger
You know I am your wound
I thought I heard you whisper
It happens all the time
I thought I heard you whisper
It happens all the time
