Tab by: Alex Spears (\*)

Sorry, but that guy's tab isn't exactly right. Here's mine:

First of all, drop your guitar 1/2 step to Eb tuning, like this: (low  
to high) Eb-Ab-Db-Gb-Bb-Eb.

The verses use the same pattern of chords over and over. They are:

low to high  
G - x-x-x-4-3-3

D - x-x-x-7-7-5  
Am - x-x-x-5-5-5  
C - x-x-x-5-5-3

For example:

          G                  D  D                  Am                  C  
Somebody once told me the world was gonna roll me  
C                  G                  D  D                  Am      C      C  
I ain't the sharpest tool in the shed

And so on. Listen to the song and you can figure out the rhythm. The bass comes in just before the guitar chords do, so look at my bass tab that I'm about to submit in a few minutes. The guitar plays these chords throughout the Pre-Chorus, (when the drums come in) but then it all changes for the chorus. Use these chords:

G5 - 3-5-5-x-x-x  
C5 - x-3-5-5-x-x  
C#mb5 - x-4-2-0-x-x ( C Sharp Minor Flat Fifth )  
F5 - 1-3-3-x-x-x

G5                  C5                  C#mb5      C5  
hey now you're an all star get your game on go play  
G5                  C5                  C#mb5      C5  
hey now you're a rock star get the show on get paid  
G5                  C5                  C#mb5      C5                  G5      F5  
And all that glitters is gold, only shootin' stars break  
          G5  
the mold

And then the solo: ( I don't have my guitar with me right now, but I think this is it. )

Eb----10-7-----6-7-6--5-3-----]  
Bb-----10-8-----5-3---]  
Gb-----]  
Db-----]  
Ab-----]  
Eb-----]

Then for the last verse, improvise. Skip strings and pick something out of these chords:

G - 3-2-0-0-0-3  
D - x-x-0-2-3-2  
Am7 - x-0-2-0-1-0  
C - x-3-2-0-1-0

Hopefully this helps.
