B--2---4---4---6---
G--3---5---4---6---
D--4---6---4---6---
A-----------------
E-----------------
```
(Verse:)
```
F#                                 G#                    B
Lately I ve been thinkin about the past, about the good
             C#                            F#
times, and have they all come and gone. And are there more
           G#        B          C#
years behind, then ahead, then I say to myself
```

(Chorus:(barre chords))
```
             F#             G#           B       F# B F# C#
Fuck it Let s Rock    Let s Rock     Let s Rock
       (repeated)
F#                                     G#
Lately I ve been thinkin who s in charge, about who they
B                      C#                         F#
are, and are they lookin down and laughin hard. And are they
                 G#                     B
aliens or robots, or humanoids, or gods, I think I m just
C#
paranoid
```

(repeat chorus)
(Bridge:)
```
A#                             B              C#
What if someone takes my cat, what if she runs away what
   F#       G#      A#                            B
if she gets hit. What if someone takes my chick, what if she
     C#      F#      G#         B              C#
runs away I won t be blue, cause I know what to do.
```

(Solo) I m lost on this one, anybody out there know it besides Greg
himself? I do know the solo is played over the chorus chords.
```
F#                                   G#
Lately I ve been thinkin about my vices, and about the
    B          C#           F#
prices, that I ll later have to pay. I ve been thinkin about
     G#              B           C#
```

myself, and about my health   then I say what the hell

(Repeat chorus twice, and that s it!)
