Verse 1:

G **C**
Way back before she hit the scene
G
And she became the envy queen
C
She was a girl with nothing big to say
G **C**
Her mouth was full of silver spoons
G
Singing her dime-a-dozen tunes
C
â€˜Til she came up with something new to play

Prechorus:

G **C** **D**
A girl so scared, a pain so real
G **C** **D**
A life so hard, becomes a song you feel
G
Her tracks were leaked and all the hipsters freaked
G **C**
She made herself a star

Chorus:

G **Am**
She wants, she wants, she wants to be original
G **Am** **C**
She will, she will, become something remarkable
G **Am**
Who cares, who cares, who cares what stunt she has to pull
C **G** **D** **G**
Sheâ€™ll be remade as somebody original

Verse 2:

G **C**
Way back before the interviews
G
Before her music made the news
C
She was nothing no one talked about
G **C**
A mousy girl behind the mic
G
One more vanilla look-alike
C
â€˜Til she decided to stand out

Prechorus:

G **C** **D**
And now it's crazy clothes, a brand new name
G **C** **D**
A fixed up nose, and monster fame
G
Though she might say that she was born this way
G **C**
She made herself a star

Chorus:

G **Am**
She wants, she wants, she wants to be original
G **Am** **C**
She will, she will become something remarkable
G **Am**
Who cares, who cares, who cares what stunt she has to pull
C **G** **D** **G**
She'll be remade as somebody original

Bridge:

A **G**
You can wipe away everything you are
A **G**
Wake up tomorrow as a star

Verse 3:

G **C**
There was a girl who blended in
G
That was the way her life had been
C
'Til she decided to be someone else

Chorus:

G **Am**
She wants, she wants, she wants to be original
G **Am** **C**
She will, she will become something remarkable
G **Am**
Who cares, who cares, who cares what stunt she has to pull
C **G** **D** **G**
She'll be remade as somebody original

G **C**
Somebody original
G **C** **Am**
Somebody original
G **C**
Somebody original
