

Coming Home Tonight
Smokie

Bb **F**
Waiting in a lonely home, a fire burning low
Gm **Eb**
A thousand miles between us, God knows I had to go
Bb **F**
But distance can be overcome in the beating of a heart
Gm **Eb**
Just put your arms around yourself believe I'm not that far

Gm **F**
Remember when I told you that I'd prove my love is true
Gm **Eb**
And if you wait a little longer I'll be coming home to you

Bb **F**
Tonight when all the lights go down
Gm **Eb**
Tonight we'll dream about the love we found
Bb **F**
Tonight when all the lights are low
Gm **Eb**
We'll hide away in yesterday and I won't have to go

Bb **F**
A year can seem a lifetime to leave someone like you
Gm **Eb**
So many sleepless nights I've spent reaching out for you
Bb **F**
The price of dedication is everything I own
Gm
But there's someone that I can't give up
Eb
Without you why go on

Bb **F**
Tonight when all the lights go down
Gm **Eb**
Tonight we'll dream about the love we found
Bb **F**
Tonight when all the lights are low
Gm **Eb**
We'll hide away in yesterday and I won't have to go
