Green eyes, they tell ist all

The more she takes, the harder they fall

But all she s got, she ain t got enough

G **Am**
And she cry just a little for a few dollars more
C **G**
She ll lie just a little like she s done it before
Am
She ll take it, she ll fake it, for a few dollars more
C **D**
She ll show you her heart, and then
C **D** **D7**
She ll show you the door
G **Am**
You know she ll die just a little for a few dollars more

Even fly just a little like she s done it before
