For A Few Dollars More (Smokie)

[Verse 1]

**G** **Am**  
Rich girl, she buys her dreams  
**C** **G**  
It s a rich world, behind the scenes  
**G** **Am**  
Green eyes, they tell ist all  
**C** **D7** **G**  
The more she takes, the harder they fall

**G** **Am**  
She ain t easy, she ain t tough  
**C** **G**  
She s had it good, she s had it rough  
**G** **Am**  
And I guess it dont t come too much  
**C** **D7** **G**  
But all she s got, she ain t got enough

[Chorus]

**G** **Am**  
And she cry just a little for a few dollars more  
**C** **G**  
She ll lie just a little like she s done it before  
**Am**  
She ll take it, she ll fake it, for a few dollars more  
**C** **D**  
She ll show you her heart, and then  
**C** **D** **D7**  
She ll show you the door  
**G** **Am**  
You know she ll die just a little for a few dollars more  
**C** **G**  
Even fly just a little like she s done it before  
**Am**  
She ll take it, she ll fake it, for a few dollars more  
**C** **D**  
She ll show you her heart, and then  
**C** **D** **G**  
She ll show you the door

[Verse 2]

**G** **Am**  
Strange things can happen to you  
**C** **G**

When you got so much, you got nothin to do

**G** **Am**  
Nooow, what do ya know

**C** **G**  
How d ya get there, and there s now where to go

**G** **Am**  
So you wonder, just what you ll do

**C** **G**  
She s never known love, but then she s never known you

**G** **Am**  
And it s true that those sad green eyes

**C** **D7** **G**  
Are so full of questions, are so full of lies

[Chorus]

**G** **Am**  
And she cry just a little for a few dollars more

**C** **G**  
She ll lie just a little like she s done it before

**Am**  
She ll take it, she ll fake it, for a few dollars more

**C** **D**  
She ll show you her heart, and then

**C** **D** **D7**  
She ll show you the door

**G** **Am**  
You know she ll die just a little for a few dollars more

**C** **G**  
Even fly just a little like she s done it before

**Am**  
She ll take it, she ll fake it, for a few dollars more

**C** **D**  
She ll show you her heart, and then

**C** **D** **G**  
She ll show you the door
