**Smokie**

**A F#m A F#m A**

**A**

This life has taken me so far

**D**

and so many roads I ve had to choose

**A**

Some win some lose

This life has been a gamble

**D**

I ve held my cards close to my heart

**A**

I ve played the part

**Bm**

**A**

**G**

Somehow the mists of time have washed all over me

**Bm**

**A**

**E**

The comfort of your arms is where I need to be

**A**

Cause when you re lyin in the arms of the one you love

**F#m**

And you got your faith in god above

**D**

**E**

And you feel like you re riding on the wind

**A**

When you re lying in the arms of the one you love

**F#m**

And you know it s good from the stars above

**D**

**E**

**F#m**

Oooh that s love

**A F#m A F#m**

**A**

I get so tired of dreaming

**D**

Where is the fire that burned inside

**A**

With all its pride

The flame became a candle so fragile

**D**

With the autumn wind

**A**

The need to win

**Bm** **A** **G**  
Somehow the sands of time weigh heavy over me

**Bm** **A** **E**  
Wrapped in your lovin arms is where I d rather be

**A**  
Cause when you re lyin in the arms of the one you love

**F#m**  
And you got your faith in god above

**D** **E**  
And you feel like you re riding on the wind

**A**  
When you re lying in the arms of the one you love

**F#m**  
And you know it s good from the stars above

**D** **E** **F#m**  
Oooh that s love
