

Pass It Around
Smokie

E A D E E D A

Well do you know how it feels
 To be walking around with your run down heels
 And do you know just how it looks
 To be left outside with your college books
 And the great thing about being you is you can
 Do whatever you wanna do

EEEEEE

So if you turn on to something good
 About the way your going god knows you should
 If you turn on to something good
 If you turn on to something good
 Pass it around
 Don?t keep it to yourself baby

E A D E D A

Well do you know what its like
 To be locked inside nearly every night
 And do you know how people talk
 When you aint got a car so you walk walk walk
 And the great thing about being you is you can
 Do whatever you wanna do

EEEEEE
