Goodnight

She drives home to a 3 room flat

Checks the machine and she feeds the cat  
**Em** **C** **D**  
She?s almost asleep before she turns out the light

**Em** **C** **G**  
In her dreams she rides wild horses

And they carry her away on the wind

And they never make a sound

Somehow it always fell through but she?s strong

Her life aint always gonna be this way

She knows she?s gonna shine someday

But for now she?ll escape until the dawn

In her dreams she rides wild horses  
**Em** **C** **G**  
And they carry her away on the wind
