

C#m	A#	G#
Tomorrow when you wake up and realize life ain t fair		
C#m	A#	G#
Throw it back, and make the whole world disappear		
C#m	A#	G#
You never miss what you had until it s gone		

**C#m**                      **A#**                      **G#**  
When it s right, something always will go wrong

[Pre-Chorus]

**C#m**                      **A#**                      **G#**  
Now my buzz is goin , and I need to re-up on reality

Can t let them see me weak, I need to find something  
**C#m**

**A#**                      **G#**  
Is there any possibility that everyone feels like me?

[Chorus]

**C#m**                      **A#**                      **G#**  
Ashtrays and heartbreaks

I lost some, let s toast to one  
**C#m**                      **A#**                      **G#**  
So put em high, lets reminisce

You re gonna aim, but you ll never miss  
**C#m**                      **A#**                      **G#**  
Ashtrays and heartbreaks

I lost some, let s toast to one  
**C#m**                      **A#**                      **G#**  
So raise a class to the memories

Set em free and fill up all those ashtrays  
**C#m**                      **A#**                      **G#**  
Fill up all those ashtrays

**C#m**    **A#**    **G#** x2

\*Repeat Chorus and Bridge one more time  
End with C#m
