 We ll do it all, everything, on our own

We don t need anything, or anyone
```

[Chorus]

(power chords)

```
        G#5                      Eb/G#
If I lay here, if I just lay here,

would you lie with me, and just forget the world
```

(intro riff)

```
G#5        Eb/G#            C#sus2       G#5
 I don t quite, know how to say, how I feel
G#5          Eb/G#           C#sus2         G#5
Those three words, I said too much, but not enough
```

[Chorus]

(power chords)

```
G#5                          Eb/G#
If I lay here, if I just lay here
            C#5                          G#5
would you lie with me, and just forget the world
G#5                                      Eb/G#
Forget what we re told, before we get too old,
         C#5                             G#5
show me a garden that s bursting into life
```

[Bridge]

(power chords)

```
G#5          Eb/G#          C#5            G#5
Let s waste time, chasing cars, around our heads
G#5          Eb/G#          C#5            G#5 (hold)
I need your grace, to remind me, to find my own
```

[Extended Chorus/Outro]

(power chords)

```
G#5                          Eb/G#
If I lay here, if I just lay here,

            C#5                          G#5
would you lie with me, and just forget the world
G#5                                      Eb/G#
Forget what we re told, before we get too old
         C#5                             G#5
show me a garden that s bursting into life

G#5                          Eb/G#
All that I am, all that I ever was
            C#5                              G#5
is here in your perfect eyes, they re all I can see
G#5                                      Eb/G#
I don t know where, confused about how as well
                 C#5                             G#5
Just know that these things will never change for us at all
```

[Intro Riff]

```
G#5                          Eb/G#
If I lay here, if I just lay here,
            C#sus2                        G#5
```

would you lie with me, and just forget the world.
