[Verse 1]
```
        G5              G/B                   Csus2    Csus2
You re angry but you don t know how to be that yet
    G5                   G/B               Csus2    Csus2
It seems too much went wrong and all at once
   G5                G/B          Csus2    Csus2
Resistance seems impossible from down this low
     G5         G/B                      Csus2    Csus2
And surely no one else can feel like this
```

```
    Cadd9
But on the streets
        G5            A7sus4
You can see them gathering
    Cadd9
And in your heart
     G5                 A7sus4
You know they feel like you do
```

[Chorus]
```
 G
    Sound and pulse and volume
 Csus2
    Hands just reaching other hands
 G/B
    This is almost overload
 Csus2

```

    Friends and foes and princes
 Csus2
    Are all just human in the end
 G/B

[Verse 2]
     G5               G/B              Csus2    Csus2
So standing in the steady throne of restless hope
     G5               G/B            Csus2    Csus2
You don t feel like an outcast anymore
     G5               G/B           Csus2 Csus2
And something deep inside of you has waken up
         G5                 G/B              Csus2    Csus2
And you know that nothing s gonna be the same again

[Pre-Chorus]
     Cadd9
And on the streets
         G5                    A7sus4
You can see for what seems miles
        Cadd9
Because in your heart
       G5                   A7sus4
You know they feel like you do

[Chorus]
 G
    Sound and pulse and volume
 Csus2
    Hands just reaching other hands
 G/B
    This is almost overload
 Csus2
    I said almost overload
 G
    Friends and foes and princes
 Csus2
    Are all just human in the end
 G/B
    This is so damn simple, yeah
 Csus2
    It s so damn simple

[Solo]

       G
Your mind won t be still
```

```
      Csus2
It may not again
      G/B
You don t think it will
         Csus2
But it will, it will

[Chorus]
 G
    Sound and pulse and volume
 Csus2
    Hands just reaching other hands
 G/B
    This is so damn simple, yeah
