Verso:
```
   F          Dm
If you were here beside me
 C          Bb
Instead of in New York
     F          Dm      C   Bb
If the curve of you was curved on me
```

```
   F          Dm
I d tell you that I loved you
 C          Bb
Before I even knew you
     F          Dm        C  Bb
Cause I loved the simple thought of you
```

```
    F          Dm
If our hearts are never broken
       C          Bb
Well there s no joy in the mending
     F          Dm        C  Bb
There s so much this hurt can teach us both
```

```
       F          Dm
Though there s distance and there s silence
   C          Bb
Your words have never left me
     F          Dm        C  Bb
They re the prayer that I say every day.
```

```
 Bb      C      Dm       F
Come on, come out, come here, come here
Come on, come out, come here, come here
Come on, come out, come here, come here
Come on, come out, come here, come here
```

```
 Bb        C
The lone neon nights
    Dm        F
And the ache of the ocean
     Bb          C        Dm       F
And the fire that was starting to spark
```

```
Bb        C          Dm          F
I miss it all, from the love to the lightning
      Bb          C     Dm      F
And the lack of it snaps, me in two
