**A7sus4** **A6sus4** **Asus2**  
Take back the city for yourself tonight  
**A7sus4** **A6sus4** **Asus2**  
I ll take back the city for me  
**A7sus4** **A6sus4** **Asus2**  
Take back the city for yourself tonight  
**A7sus4**  
Whoa whoa

**A7sus4** **A6sus4** **Asus2**  
God knows you ve put your life into its hands  
**A7sus4** **A6sus4** **Asus2**  
And it s both cradled you and crushed  
**A7sus4** **A6sus4** **Asus2**  
But now it s time to make your own demands  
**A7sus4**  
Whoa whoa

**A7sus4** **A6sus4** **Asus2**  
All these years later and it s killing me  
**A7sus4** **A6sus4** **Asus2**  
Your broken records and words  
**A7sus4** **A6sus4** **Asus2**  
Ten thousand craters where it all should be  
**A7sus4**  
Whoa whoa

**A7sus4** **A6sus4** **Asus2**  
No need to put your words into my mouth  
**A7sus4** **A6sus4** **Asus2**  
Don t need convincing at all  
**A7sus4** **A6sus4** **Asus2**  
I love this place enough to have no doubt

**A7sus4**

Whoa whoa

Bridge:

**A5** **G5**  
It s a mess, It s a start  
**D5** **F5**  
It s a flawed work of art  
**A5** **G5**  
Your city, your call  
**D5** **F5**  
Every crack, every wall  
**A5** **G5**  
Pick a side, pick a fight  
**D5** **F5**  
Get your epitaph right  
**A5** **G5**  
You can sing till you drop  
**D5** **F5**  
Causes the fun just never stops

Chorus:

**A**  
I love this city tonight  
**C**  
I love this city always  
**A**  
It bares its teeth like a light  
**C**  
And spits me out after days  
**A**  
But we re all gluttons for it  
**C**  
We know it s wrong and it s right  
**A**  
For every time it s been hit  
**C** **A**  
Take back the city tonight

**Asus2**

**A7sus4** **A6sus4** **Asus2**  
Tell me you never wanted more than this  
**A7sus4** **A6sus4** **Asus2**  
And I will stop talking now  
**A7sus4** **A6sus4** **Asus2**  
One perfect partner, one eternal kiss  
**A7sus4**  
Whoa whoa

**A7sus4** **A6sus4** **Asus2**  
Take back the city for yourself tonight

**A7sus4**                    A6sus4        **Asus2**

I ll take back the city for me

**A7sus4**                    A6sus4                    **Asus2**

Take back the city for yourself tonight

**A7sus4**
