**G/B Asus2 C**

The winters mark the earth

**G/B Asus2 C**

It s floored with frozen glass

**G/B Asus2 Cmaj7**

They slip into my arms

**G/B Asus2 C**

And you quickly caress yourself

**G/B Asus2 C**

You freeze and speech bove us

**G/B Asus2 C**

Seem to hold your words aloft

**G/B Asus2 Cmaj7**

I want the smoky of the clouds of laughter

**G/B Asus2 C**

To swim above me forevermore

Chorus:

**G Am Fmaj7**

I will race you to the water side

**G Am Fmaj7**

And from the edge of Ireland shout out

**G Am Fmaj7**

So they could hear it in America

**G G/B Fmaj7**

It s all for you

**G/B Asus2 C**

The shells crack under our shoes

**G/B Asus2 C**

Like punctuation points

**G/B Asus2 Cmaj7**

The planets bend between us

**G/B Asus2 C**

A hundred million suns and stars

**G Am C**  
In seafull then the silence  
**G Am C**  
Before you said those words  
**G Am Cmaj7**  
And I ll even end the dark place  
**G Am C**  
I could see how good you are

Chorus:

**G Am Fmaj7**  
I will race you to the water side  
**G Am Fmaj7**  
And from the edge of Ireland shout out  
**G Am Fmaj7**  
So they could hear it in America

**G Am Fmaj7**  
It s all for you  
It s all for you  
It s all for you  
It s all for you  
It s all for you  
It s all for you
